

Caregiver Workshops

Easterseals Caregiver Workshops are being held virtually.

June

SOCIAL SECURITY 101

We are pleased to bring back a popular workshop!

Our speaker this month is **Matthew Baxter, Public Affairs Specialist with Social Security**. His workshop will cover the purpose and eligibility criteria for all the Social Security Administration's benefits programs. Besides retirement benefits, Social Security also offers disability benefits to individuals aged 18 years and older, and survivor benefits to children and widowed spouses. Matthew will also discuss how to best protect yourself from the ongoing Social Security telephone scams targeting everyone, regardless of age.

The virtual workshop will be held on

Wednesday, June 16th at 10:00 am.

The workshop is free but registration is required. Please email resources@esdel.org or call 302-221-2087 to register and receive the virtual meeting link.

We look forward to seeing you!
